SUPPLIERS LIST*

SQUARE

iNFO

We're not bossy - you can choose any one you like!

But to help you in this sea of event suppliers, we'd love to recommend a few great suppliers who we've worked with and love what they do.

Please note that we aren't affiliated with anyone on this list. We hope they are as great as we remember them to be but we can't take responsibility for any problems.

A few things to consider when choosing your supplier:

- Are they a small, South Australian owned business? Give the little guys a go!
- Are they flexible and responsive to your initial communication?
- Do they have plenty of great online reviews across multiple platforms?
- Do your trusted suppliers have anything to say about them? Us event suppliers are always crossing paths - the good ones will recommend good ones!
